

SOARING HAWK

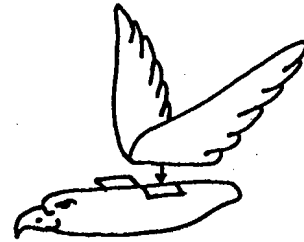

PAGE 1

HO 25

1. Trace the hawk pattern on construction paper.
Put the edges with the broken lines on a fold.
Cut it out.

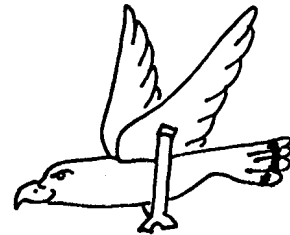

2. Color the eyes, beak and feathers.

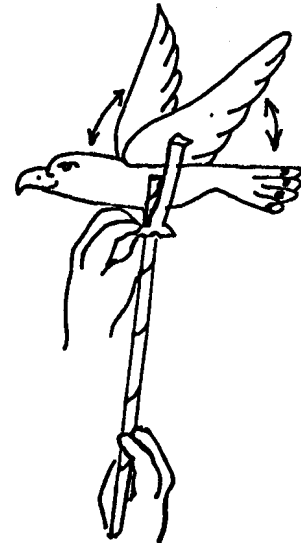

3. Fold the tabs on his back at the dotted line.
Fold one tab to the right and one to the left.
At the fold, glue the wing to the tabs.

4. Fold the tabs on the tail at the dotted lines.
Fold one tab to the right and one to the left.
At the fold, glue the tail to the tabs.

5. Glue the wing support onto the wings at the x.

6. Put a straw through the hole in the wing support. Tape it to the body of the hawk.

7. Hold the wing support with the fingers of one hand. With your other hand, move the straw up and down to make the hawk's wings flap.
